

Southside Dart League

All about Summer Luck of the Draw

Here is some extra information, especially for those of you who haven't ever played in summer or never tried a Luck-of-the-Draw event.

- ❖ Each night, we throw everyone's name in a pile and draw them randomly to create doubles pairs. Those pairs are partners for that night only. The top 4 each night earn cash, and SDL members earn points for with the top 18 overall winning sweatshirts. Ladies! Sweatshirts for the top 2 female finishers of the summer.
- ❖ Play any Monday(s) that you wish. You needn't commit for the whole summer. Each Monday night is separate from all the others. Come once a month. Come near the end of the summer. Come after Little League baseball winds down. Come on rainy days only. Any night that suits you.
- ❖ Play all the Mondays. It's your best shot at winning a sweatshirt.
- ❖ Come alone. You don't need your whole team. Anyone can win
- ❖ Come with someone. Bring your team anyway. Bring a friend. Hang out, enjoy.
- ❖ Newbies are welcome. You don't have to be a Southside Dart League member. Bring your friends who are "dart curious". A great chance for them to see what its all about.
- ❖ It's a great way to meet teams that are looking for shooters-and vice versa.
- ❖ It's a great way to stay sharp over the summer. (Remember how you struggle in that first week of September?)
- ❖ It's Double Elimination. Everyone plays more games.
- ❖ Mystery Out drawing every night. The pot rolls over to next week if no one wins.
- ❖ Everyone is entered in Mystery Out, anyone can win.
